## **Aims and objectives policy**

### **Policy statement**

Earith Pre-School aims to provide a safe, secure and stimulating environment for all children that attend.

### **Aim**

We do this by providing high quality resources and a safe, secure and stimulating environment.

### **Methods**

We provide high quality resources:

- A team of staff with qualifications, experience and enthusiasm.
- A purpose built Pre-School building with outdoor play facilities.
- An extensive range of age and development appropriate resources, toys and equipment.

We will provide an environment:

- Which is happy, secure and stimulating, in which children can develop socially, intellectually, emotionally and physically.
- Where children acquire essential skills, concepts, attitudes and knowledge to enable them to become independent, thinking, caring members of society.
- We will promote self-confidence and encourage children to be eager to learn.
- Where every child is valued and respected.

These are the main areas that we will strive to develop:

- Social, spiritual, religious and moral – we aim to develop positive relationships, develop respect for living things and to develop communication skills.
- Physical – we aim to enable children to control their bodies effectively, develop gross/fine motor skills and to promote positive attitudes to a healthy way of life.
- Emotional – we aim to enable children to recognise and discuss emotions, develop a sense of values and show respect to others.
- Intellectual – we aim to develop positive attitudes to learning and develop enquiring, questioning, creative minds.
- Cognitive – the child needs to experience things first hand, build in existing knowledge and acquire new knowledge. The learning process requires a great deal of individual planning.

### **Objectives for the future**

- To continue to make every child feel safe and secure.
- To extend our range of resources/activities.
